

Dear Mr Thornton,

Contrary to the statement in your most previous letter; *"I am sorry that this will not be the answer that you had been hoping for."* Firstly please don't be sorry, secondly the email is more than I could of hoped for as RBWM are slowly being prized open exposing all of the underhand dealings that have taken place since 2007. Surely you wouldn't expect RBWM to just lie down and roll over would you? After all that might cost them more money, and that is what this is all about as far as RBWM are concerned money! Absolutely nothing to do with social justice and people!

If I am disappointed in anything it is your clear absence of a spirit to fight social injustice for one of your constituents, which was not the impression I got at our meeting.

Could you please **CHALLENGE** RBWM with the following points:

QUOTE: *"Counsel representing BCC made submissions to the judge with the aim of not disclosing confidential privileged or sensitive information without an appropriate court order."*

RESPONSE: *"not disclosing confidential privileged or sensitive information"* This is a very clear admission that there was a perversion of the course of justice between RBWM and Mr Gilbert-Smith. As we are not aware of this *"confidential privileged or sensitive information"* we cannot know what the judge could or could not do in law. But it is clear that this *"confidential privileged or sensitive information"* was relating to RBWM (who had inherited and accepted BCC's responsibilities) accusing Gilbert-Smith of raping kids in their care and RBWM accepting money from Gilbert-Smith to keep these facts out of the public arena including any police investigation. **This is a clear perversion of the course of justice.**

MR THORNTON COULD YOU PLEASE BRING RBWM TO ACCOUNT OVER THIS MATTER?

QUOTE: 1. *"The amount paid by Mr Gilbert-Smith was not £1.5M."*

QUOTE: 2. *"It was not even a six figure sum"*

QUOTE: 3. *"The payment was made towards the insurance arrangements of the former BCC and not RBWM"*

RESPONSE: 1. This is not about fucking maths! It doesn't matter if it was £1.5M or £1.50p what matters is RBWM entered into a secret agreement and perverted the course of justice with Gilbert-Smith a man they were accusing of raping kids in their care!

RESPONSE: 2. IT WAS NOT EVEN A SIX FIGURE SUM! This is a blatant lie! The payment Gilbert-Smith made was seven figures, because this 7 figure payment included legal fees I have no doubt that the amount RBWM/BCC received was a six figure sum less than £1M.

RESPONSE: 3. RBWM according to their previous correspondence inherited the liabilities and responsibilities of BCC so these semantics just don't cut the cloth! RBWM had the final say and authorised this immoral corrupt deal which perverted the course of justice even more to the point RBWM struck the deal with a man they were accusing of raping kids in their care!

MR THORNTON COULD YOU PLEASE BRING RBWM TO ACCOUNT OVER THE ABOVE MATTERS?

Mr Thornton, if this agreement was/is secret between BCC and Gilbert-Smith, then why do RBWM have this information if RBWM are not the ones making the decisions for BCC? Please also point out to RBWM they are in breach of BCC's & Gilbert-Smiths corrupt out of court settlement as RBWM have publicly named Gilbert-Smith as a man that BCC were accusing of raping kids in their care and also RBWM have publicly named Gilbert-Smith as the man BCC received money from in an out of court settlement. Could you please ask RBWM if Mr Gilbert-Smith is aware of this fact, also ask them if is this Gilbert-Smith is Brian or Denham Gilbert-Smith?

Regards,

John Affleck
